Chicago Council Boy Scouts  
of America

THE summer time is outdoor time. All red-blooded men and boys, like their primitive fathers, long to be out in the free and open country.

To thousands of Scouts who have been there, **Summer Camp** means just one place, and that place is **Camp Owasippe**. To those who have not been there, Camp Owasippe may be just the name of a place, but when you've been there, you'll say it is **SOME PLACE**.

There is not a finer spot in the world to satisfy the longings of a man or boy than Camp Owasippe, four miles inland from the old-time lumber town, Whitehall, Michigan.

Crystal Lake, surrounded by one hundred acres of wooded land, fascinates all with its scenic grandeur. There it was that the old Indian Chief, Owasippe, roamed the forests, and there he sleeps to this day beneath his beloved pines.

#### A CLEAR TROUT STREAM FLOWS NEAR BY

Three miles to the north through the forest is the head waters of a clear trout stream, which flows for a distance of about ten miles to White River, with not a single field on either side to mar its primeval beauty.

The stream, which is fed by many springs, becomes a creek a very short distance from the source, and under stones and logs which lie across it here and there, are many trout.

#### HOW TO REACH OWASIPPE

Campers go from Chicago to Owasippe on Monday mornings on the Goodrich Line boat for Whitehall. After a very lively day on the boat, the Scouts are met by a camp official who takes charge of the baggage. The boys hike through the woods for the camp, where a steaming supper is awaiting them.

#### EATS—UM-M-M

Just read the menu taken at random for three days.

Sunday, July 11th.—Roast chicken and dressing, mashed potatoes and gravy, creamed peas, radishes, ice cream, cake and milk.

Tuesday, July 20th.—Roast beef and gravy, browned potatoes, creamed peas, bread and butter, raisin pie and milk.

Friday, August 6th.—Baked fresh fish, tomato sauce, spinach, bread and butter, apple pie and milk.

#### PHYSICIAN ALWAYS IN CAMP

The health of the campers is particularly guarded while in Camp Owasippe. A physician spends his entire time at the camp to care for any emergency and to give medical treatment to minor ills.

Scouts are much safer from disease and accident in camp than they are at home.

#### PERSONNEL OF THE STAFF

Orton L. Duggan, Field Scout Executive of the North Shore District.

J. H. Rainwater, Field Scout Executive of the West Side District.

Capt. Herman Mayhew, Quartermaster Department, Morgan Park Military Academy, and Camp Clerk at Owasippe last year.

Capt. Boyd R. Swem.

Capt. Victor L. Brock.

Cadet Sergeant Burton Rumft.

#### SWIMMING? OH, BOY!

Can you imagine a perfectly clear sheet of water, good enough to drink, and nearly half a mile across, with a beautiful, clean, sandy beach all the way around it, and that surrounded by the dense pine woods? Such is Crystal Lake. Of course, there is a pier built out into the lake by Scouts who have been there, and a diving tower. And just to make sure that some fellow who doesn't know how to swim won't try to swallow the lake, we'll have a corps of life-guards on duty all summer long, and, behind them, a Lungmotor and men who know all about how to use it. You couldn't drown yourself at Owasippe, if you wanted to. They won't let you.

#### WONDERFUL HIKES

Haven't you often wanted to just go out into the woods and hike, and be in the woods, or along the waters, all the time, and not have any peevish farmers to drive you out of their fields? Here, then, is your

## DO YOU KNOW HOW TO SWIM?

Classes in swimming every day.

Last year 200 boys qualified for Red Cross  
and Merit Badge Life Saving.

165 boys were able to swim half a mile before  
leaving camp.

SUNSHINE AND SHADE

"It would be hard to imagine a more beautiful location  
than the camp grounds, with their splendid camp buildings  
and equipment, not to mention the wonderful swimming and  
boating privileges and the opportunity for recreation and train-  
ing under the expert supervision of the Scout officials.

"I shall do my utmost to see that some of the Boy Scouts  
whom I know attend for at least a week.

"I only wish that I, myself, were of Scout age so that I  
might be one of the boys who have in camp, things which in  
my boyhood were unthought of."
